#### HEDGEYE ASSET ALLOCATION

September 7, 2016

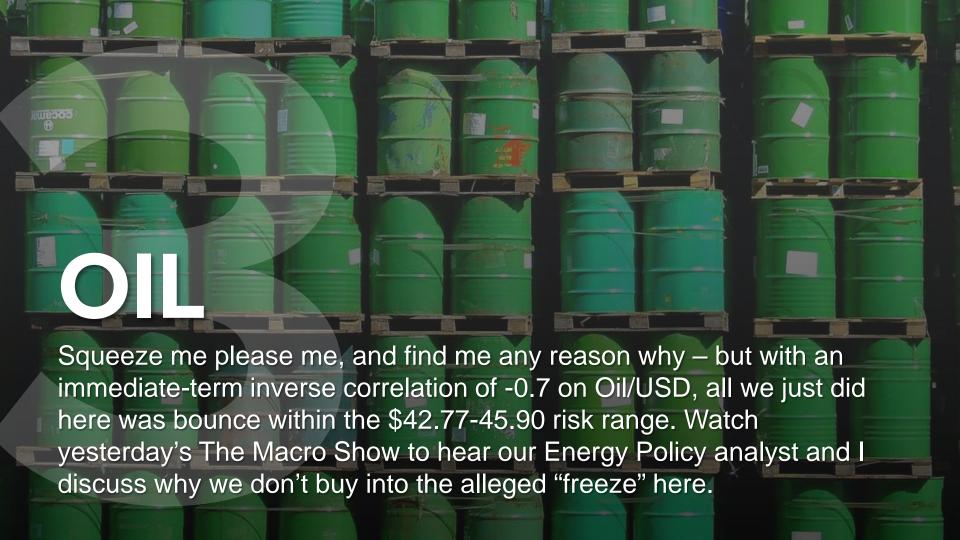

# RATES

On the heels of the worst U.S. ISM Services report in 104 months (since 2010), rates got spanked and anything that looked like a bond and/or inverse USD correlation ramped. The 2YR Yield was down

-13% (from 0.84% to 0.73%) in less than a week as markets tell Yellen she has to pivot back to dovish on the data (her 6th hawkish/dovish pivot in 8-9 months).
