NEW YORK STOCK EXCHANGE

S&P 500

On the latest "rate hike" fears (i.e. when the SP& 500 was down for 8 of 10 days in AUG), we got as net long as we've been in all our products, all year – conviction in #GrowthSlowing was the call. Now, after the move, we say you sellem' – yep, just a trade (for now), but S&P 500 all-time high is the best price in market history to book some gains.

COPPER

The Doctor, once again, is checking out of this Bad Data = Good Reflation Rally. First – Copper is down -0.1% this morning, resuming its crash and genuine disinterest that global demand (vs. Bernanke's supply bubbles) has "bottomed".
